WE DO NOT CATER to the individual family; we launder only sheets, pillow cases, towels, etc. for the above mentioned institutions. We do not supply, we launder only your linens. Because of our specialization in this field we are better equipped to serve you in a more efficient and economical manner. Each bundle is individually washed and ironed, but you pay nothing extra for this added protection.

When your name is in the telephone directory, your friends can reach you quickly and easily for chats and invitations. It probably costs less than you thought to have a telephone at home!

THE Modern Home

...makes provision for "Concealed Telephone Wiring" *in the plans.*

1. A simple conduit (pipe) is installed inside the walls at the time your home is being built.
2. Your telephone wires are run through this piping to outlets in rooms where you wish telephones.
3. No exposed wiring need show on walls or baseboards.
4. Yet the cost of this feature is low.

For further information just call the Business Office (Dial "811") and ask for "Architects and Builders Service".

LOANS UP TO $300

All you need to get a loan at the Personal Finance Co. is a steady job and the ability to make small monthly payments. 'Personal' makes loans to single people or to husband and wife. You just sign a note—or you may name your furniture or auto as security, whichever suits your particular situation best. All loans are made quickly and in strictest privacy, without involving friends, relatives, or employer. We never take wage assignments.

At 'Personal' you receive the full amount of your loan without deductions, and pay only for the actual time you keep the money. And special consideration, *after the loan is made as well as before*, is a feature of 'Personal's friendly service. Phone or come in to our nearest office today.

Shop by Telephone

when there are children to take care of and you can't leave them alone—or take them with you—

when there seems to be no end to housework and you can't get a minute to yourself—

when the weather is cold and blustery and you'd rather stay indoors than go shopping—

—when streets are slippery and it's a lot of trouble getting the car out and parking—

Pick up your telephone and bring the stores to your door. Storekeepers are anxious to please and you get the same good values.

Do good friends live a long way off? Talk to them by telephone. You'll almost feel as though they were right beside you!

THIS SIDEWALK-POUNDING LOOKING FOR THE DEALER WHO SELLS IT IS AWFUL!

THERE'S NO NEED FOR SUCH DRUDGERY AND FATIGUE—WHEN YOU LOOK IN THE *CLASSIFIED!*

When you look in the Yellow Pages of the Classified Telephone Directory, you can make a bee line right to the dealer who has what you want. Why not telephone first—find out if it's in stock, or get prices? Maybe you can order by telephone—and save a trip.

ASK
your Architect —
to make provision—*in the plans* —for telephone conduit (inexpensive ordinary pipe) to be placed in the walls when you build. Then you can have modern telephone outlets where you want them. There will be no exposed wiring on base boards or moldings to mar the appearance of your rooms.
After the house is completed, wall insulation, fire stops, and concrete construction may make it impossible to run telephone wiring through walls.
Call the Business Office for complete information. New York Telephone Company.

Shop by Telephone

when there are children to take care of and you can't leave them alone—or take them with you—

when there seems to be no end to housework and you can't get a minute to yourself—

when the weather is cold and blustery and you'd rather stay indoors than go shopping—

—when streets are slippery and it's a lot of trouble getting the car out and parking—

Pick up your telephone and bring the stores to your door. Storekeepers are anxious to please and you get the same good values.

IT'S AUTOMATIC HEAT
and IT'S LOW COST

A FAIRBANKS-MORSE
Automatic Coal Burner
does four things for your home
1. It enables you to use low-cost, high-heat fuel—anthracite buckwheat or rice.
2. It feeds and burns coal completely, automatically.
3. It triple-controls your heat - by boiler-control and room temperature.
4. It pays for itself out of savings.

Many More Women
HAVE DISCOVERED THE MAGIC
in the words SHOP BY TELEPHONE

The things now being ordered by telephone include practically everything in the home. Every day busy women order their groceries, meats, vegetables and drugs this easy way. And a great many women have found it just as easy to order many other things by telephone.

When the weather's bad, or you wish you could rest instead of going out—let your telephone be your errand boy! You'll find your money goes just as far—and you'll have more time for yourself. New York Telephone Company.

THE Modern Home

...makes provision for "Concealed Telephone Wiring" *in the plans.*

1. A simple conduit (pipe) is installed inside the walls at the time your home is being built.
2. Your telephone wires are run through this piping to outlets in rooms where you wish telephones.
3. No exposed wiring need show on walls or baseboards.
4. Yet the cost of this feature is low.

For further information just call the Business Office (Dial "811") and ask for "Architects and Builders Service".

Instead — she turns to the Yellow Pages of the Classified Telephone Directory and locates the name, address and telephone number of one or more dealers in her neighborhood.

Whether you move to a new neighborhood or not the "Classified" is a helpful shopper's guide—

—an emergency arises and you need quick service—

—you want the Authorized Service dealer—

your Architect—
to make provision—*in the plans*—for telephone conduit (inexpensive ordinary pipe) to be placed in the walls when you build. Then you can have modern telephone outlets where you want them. There will be no exposed wiring on base boards or moldings to mar the appearance of your rooms.

After the house is completed, wall insulation, fire stops, and concrete construction may make it impossible to run telephone wiring through walls.

when there are children to take care of and you can't leave them alone—or take them with you—

when there seems to be no end to housework and you can't get a minute to yourself—

when the weather is cold and blustery and you'd rather stay indoors than go shopping—

—when streets are slippery and it's a lot of trouble getting the car out and parking—

Pick up your telephone and bring the stores to your door. Storekeepers are anxious to please and you get the same good values.

SHE MOVED TO A NEW NEIGHBORHOOD... *but*

She doesn't have to spend a lot of time and energy going from store to store to find the dealer who sells the particular thing or service she wants!

Instead—she turns to the Yellow Pages of the Classified Telephone Directory and locates the name, address and telephone number of one or more dealers in her neighborhood.

Whether you move to a new neighborhood or not the "Classified" is a helpful shopper's guide—
